**MEDICAL CERTIFICATE**

**To Whom It May Concern,**

This is to certify that Mr. Amit Gupta is under my care following pyeloplasty. His post-operative recovery has been complicated by a surgical site infection, with intermittent purulent wound discharge and episodes of high-grade fever, requiring ongoing medical treatment, regular wound dressing, and close follow-up. A DJ stent remains in situ as part of his post-operative management.

Considering his present medical condition, he is advised to take adequate rest and continue regular medical treatment and follow-up until complete recovery.

Note: This certificate is issued on the patient's request for official purposes.
